# BEFORE THE FIRST LESSON

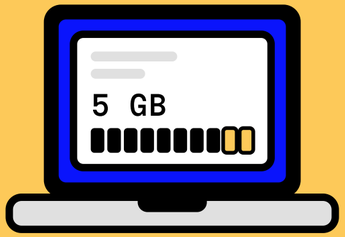

The first lesson is 12 September. Have this list ready by then — it takes about 30 minutes in all, and it means we start working straight away in class.

# ABOUT 30 MINUTES IN ALL

01

## A COMPUTER

A MacBook is recommended, Windows works too. A phone or a tablet is not enough.

02

## A GOOGLE ACCOUNT

Claude, NotebookLM and Gemini all open through this account. If you already have one, you do not need a new one.

03

## CLAUDE

The main tool of the praktikum. Open an account on claude.ai first, then install the app.

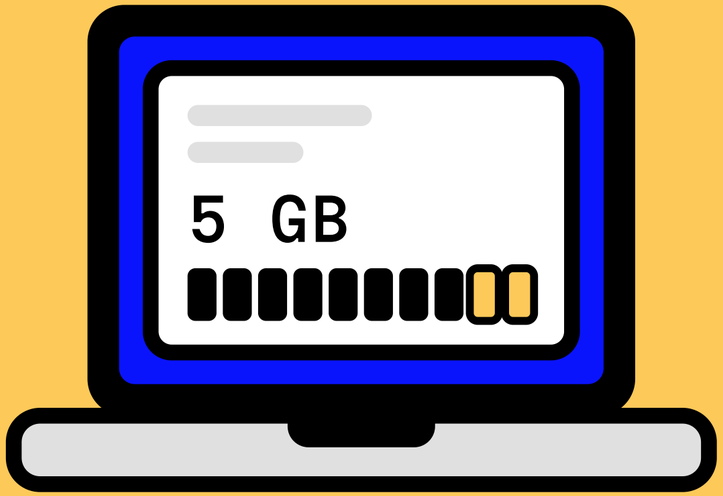

04

## A VISA CARD

You will need it for a Claude Pro subscription. The free tier is enough for the first lesson.

# A VISA CARD

You will need it for a Claude Pro subscription. The free tier is enough for the first lesson.

1. Get an international Visa or Mastercard from your bank — Uzcard and Humo do not work here.
2. The card needs a dollar account with online payments enabled.
3. Pro costs $20 a month. It is not required, but it makes the work considerably easier.

YOU WILL NEED IT IN THE LATER LESSONS.
